

NIBBLES FROM THE BUNNIES

JUNE 2018

CLASSROOM HIGHLIGHTS

Wow, where has the time gone? We cannot believe it is time to say our "good-byes" in the Bunny room. It was a wonderful year and we enjoyed our time with your children tremendously. We started the month of May with our Spring theme exploring bugs turtles and frogs, as well as flowers. We planted nasturtiums and sugar snap peas and watched them grow on our windowsill. During our small group time, we took our seedlings and planted them in the garden on the playground. We will end our year with a Summer Theme. In small group for the remainder of our school days we will be visiting the upstairs classrooms and talking about all the things that are similar and what might be different from the Bunny Room.

TIDBITS

As we head outside with the warmer weather Paula Passi-McCue, our Physical Therapist, has put together a list of some fun activities to enjoy. Please check the sign in table for a copy.

REMINDER

The last day of school is on Friday, June 22nd. School will be in session your regular hours.

UPCOMING EVENTS

Wednesday, 6/20/2018 we will have our bus ride around the parking lot. You are welcome to accompany your child if it is not their scheduled Bunny day.
