Parents:

Enclosed is a written report reflecting your child's development during this school year. Spring parent/teacher conferences will be held through early June. Teachers want to be sure to address any questions that you may have so please take a minute to respond to the two questions below and *return this form to a classroom teacher prior to your conference*. Look for the conference sign-up sheet posted in your child's classroom. If you prefer not to have a conference, perhaps because you have met with teachers recently, please just check-off that you do not need to schedule a conference. *(In either case, we appreciate your feedback about your child's experience at TCW.)*
