

Fall Parent/Teacher Conferences

Dear Parents,

During the month of November, teachers will be setting aside a fifteen minute conference time to meet with you to discuss your child's first few weeks in school. These informal conferences provide a great opportunity for us to exchange information, share observations and communicate openly.

Please briefly answer the questions below and return this form to the classroom teachers **AT LEAST 2 DAYS PRIOR TO** your meeting time. This information will serve as a stepping off point for discussion and provides insights that help us understand your child and how we can best support his/her development.

Look for a conference sign-up sheet posted in your child's classroom and choose a time when you can be available to meet.
