

## Giraffe Class News: Week of November 2<sup>nd</sup>- November 6<sup>th</sup>

Dear Giraffe Families,

It was a wonderful week in the Giraffe class! Everyone enjoyed the change in weather, and we were able to spend lots of time outdoors. We played games like “Red Light, Green Light” and “What Time is it Mr. Fox?” out on the large field.

We spent our week exploring harvest and fall weather. For our curriculum, children were able to explore our “magic fluff” dough (a mixture of shaving cream and cornstarch) in the sensory area. Students had the chance to use dot stickers to trace the letters of “fall” and design their own tissue paper trees. Everyone practiced using scissors to create a picture using colorful tape and construction paper. We also made our very own cloudy sky artwork out of blue paper, cotton balls, and glue.

During circle time this week, the giraffe class learned a new song “5 Little Raindrops”. They enjoyed counting down until there was only 1 raindrop left in the song. We read Growing Vegetable Soup by Lois Ehlert. Everyone shared which type of vegetable they would add to a soup. Our list had lots of delicious vegetables like corn, carrots, and broccoli! We also read Little Cloud by Eric Carle. After reading, the students had fun using their knowledge about shapes to name different cloud pictures.

We have had a great time exploring fall and harvest over the last few weeks. Next week we will begin talking about families!

Sincerely,  
Jeanne, Olivia, Carrie and Dominique
