

Koala News

Week of January 11th

This week the Koalas were busy creating shakers and microphones to use during our music sessions with Teacher Pat. They decorated these with glue and construction paper or pieces of tape. When Teacher Pat comes to visit us, each child will be able to use their creation to accompany the songs we sing.

Other activities that were enjoyed by all were building with magnet tiles, playing with the cars and the parking garages. With the magnet tiles the children constructed castles, homes for the mini Koalas and plastic figurines. We also had a chance to use the clear magnet tiles on a light board which added a special dimension to their creations.

Outside on the playground we have been having fun swinging, climbing and sliding. In the sand box the children are using trucks to dig holes, carry sand and make roads. The play kitchen has also been a flurry of activity. They have been busy making muffins, macaroni and cheese and the occasional birthday cake! With the weather staying cold please be sure to continue to send in snowpants.

At Group Time the children have enjoyed listening to Curious George's Dinosaur Discovery and Ten in a Bed. We also sang "5 Little Monkeys Jumping on The Bed."

ADDED NOTES: Happy Birthday to Reid

MICROPHONES
