

Koala News

Week of October 19th

This past week has been a busy one in the Koala Classroom. We have embarked on our Farm theme and it has been a big hit. We started the week with community painting a big red barn for our bulletin board. Each child had a chance to paint at the table that was covered with a sheet of paper. We also painted paper plate faces of pink piggies, yellow chicks and brown and black spotted cows. The children really enjoyed the process of painting and completing each step to make the animal faces.

While projects were being completed at the tables, children were playing with the Fisher Price Barns and farm animals, completing farm puzzles, coloring farm animal pictures, learning how to color in stencils and make playdough farm animals with the cookie cutters.

At Group Time they have enjoyed listening to the story, Rock a Bye Farm by Dianne Johnston Hamm and singing Old MacDonald Had a Farm. During our mask breaks they continue to ask for The Goldfish song, We are the Dinosaurs, and The Airplane Song. The repetition is healthy for learning the words and lyrics, and it's wonderful to see their smiles and dance moves!

Next week we will be having fun with pumpkin activities.

Added Notes

Thank you for supplying extra masks for your child. It is helpful to be able to change them during our break, especially if they are wet.

The Children's Way will be closed on Tuesday, November 3, Election Day.
