

Koala News

Week of October 5th

As another week draws to a close the Koalas continue to adjust to their new surroundings. It is amazing how they are getting familiar with each other's names and will ask if their friend is coming to school.

We had a lot of fun this week and did some practicing of fine motor skills. These skills are so important for strengthening their hands for future handwriting and snipping with scissors. We hammered golf tees into styrofoam, peeled stickers and made beautiful pictures with crayons and did a variety of puzzles.

At Circle Time we are singing songs, such as Twinkle, Twinkle Little Star and the ABC song; they enjoy the breathing ball and doing yoga poses. This week we practiced Tree, Waterfall and Rag doll. Maybe they will show you at home! The children have also enjoyed listening to Brown Bear, Brown Bear - and chiming in at the parts they know.

Added Notes

We hope you enjoy the long weekend!
